

## Technical and design development in Swimming Ponds in Belgium

### Guido Lurquin

Guido Lurquin was born in Leuven in 1958 and is a Master in Nutrition.

He has been working 4th / 5th at the pond wholesaler Distri Pond for more than 20 years. Here he helps in marketing, provides training for professionals, and contributes to the content of the website. He also works 1 / 5th as a self-employed person. Among other things, he gives pond training courses and writes articles for various magazines.
